care

## BATTERY CHARGER

- Suitable for all KVA Range
- Short circuit protection
- Easy to operate
- Safe and secure

**KIRLOSKAR CARE** brings to you an efficient, fully safe and advanced range of Battery Chargers.

Your genset is an auxiliary power-supply unit. By seeing current trend of Genset usage, sometimes it may remain unused for longer period. As the battery is having self discharge property, it may lead to non-starting of your genset for emergency needs.

In order to ensure that your genset's battery is fully charged and ready to use at all times, KIRLOSKAR Battery Chargers maintain your genset's battery at 100% capacity with an auto cut-off feature that greatly reduces electricity consumption.

### Long Life

Enhances Battery Life

### Reliable

Ensures Starting of Genset whenever is required

### Fuel Saving

No need to run the Genset to charge the battery

### Complete Safe

Automatically cuts-off when battery is fully charged

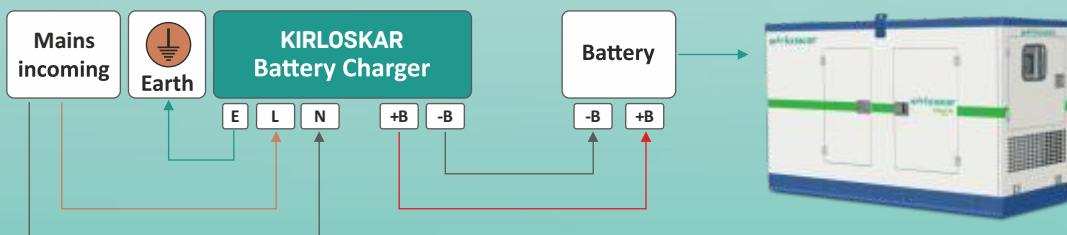

### Fully Automated

No manual intervention required

## Salient Features:

- Easy to install - Panel Mounted
- LED indications
- Wide operating AC input voltage
- Suitable for all KVA range of Gensets
- Input and Output over voltage protection
- Output short circuit protection
- Battery reverse voltage protection
- Supported by KIRLOSKAR CARE Spare Parts Warranty
